Below are the listed projects both completed in 2020 and projected for 2021 in accordance with the Master Plan.

Summer 2020 – Completed

Hole #9:

- Two fairway bunker complexes

Hole #11:

- Renovated greenside bunkers

Hole #12:

- Renovated greenside bunker
- Removed long greenside bunker
- Added right side greenside bunker

Hole #13:

- Renovated greenside bunkering

Hole #14:

- Renovated greenside bunker

Fall 2020 – Completed

Hole #2:

- Church-pew bunker on the left side of fairway

- Scrub waste area right side between #2 and #3
- Create moguls on right side
- Dual purpose bunker for #2 and #3 on right side
- Fill and grade for area damaged from debris burning

Hole #3:

- Expand and grade new championship tee
- Fore bunker right side
- Right greenside bunker
- Re-seed south half of main teeing area

Hole #4:

- Expand and level championship tee
- Dual scrub waste area between hole #4 main teeing area and hole #5 fairway

Hole #6:

- Restore bunkering to the southeast and southwest of the green

Hole #10:

- Scrub waste area between hole #1 fairway and hole #10 fairway

Hole #13:

- Relocated tree from #2 right side to right side of fairway
- Relocated trees from #2 to right side between #17 and the driving range

2021 Golf Season – Projected

Hole #17:

- 4 Stair-step bunkers left side
- Restore greenside trench style bunker long of green

Hole #1:

- Fairway bunker complex left side of fairway
- Fairway bunker right of fairway at 90 yards out

Hole #18:

- Scrub waste area around main teeing area

Hole #4:

- Additional Fairway bunker complex left side of fairway
- Renovate left greenside bunker
- Renovate right greenside bunker

Hole #5:

- New centerline fairway bunker

Hole #7:

- Fairway bunker complex left side of fairway
- Fairway bunker on right side of fairway

Trees:

- Relocate young trees to restore right side of hole #13, left side of hole #11 and around driving range

If weather allows this spring, Hole 10 greenside bunker will be reworked and the original right side pond bunker will be added as well as a sandy waste area to the right of Hole 9 fairway between 10 tee.
